MAIN INSIGHTS

Strong Enrollment Growth
Total enrollment increased by 24.4%, indicating strong adoption across India.

Peak Day Performance
29-Dec-2025 recorded 8M enrollments, highest single-day performance.

Youth Participation Rising
Youth enrollment increased by 18.7%, showing campaign success.

Regional Imbalance
North leads with 16.2M, while Northeast contributes only 1.3M.

Low Coverage Areas
19K pincodes still have low Aadhaar coverage.

Efficiency Improvement
Efficiency index improved by 12.6%, showing better operations.

Consistent Growth Trend
Enrollment shows steady month-on-month growth.

Adult Dominance
Age 17+ contributes more than 90% of total enrollment.

Opportunity for Expansion
Low-performing states provide strong growth opportunities.

Strategic Recommendations

- Focus on Low Coverage Areas
- Improve Regional Balance
- Boost Youth Campaigns
- Enhance Operational Efficiency
- Data-driven Monitoring

>> The Aadhaar enrollment system shows strong growth and improving efficiency. | Focus on low coverage areas and regional balance will drive future success.
